

UC-One Mobile Application Quick Setup Guide

Installing UC-One Mobile Application

Step 1:

Download *UC-One Broadsoft* to your mobile device

Go to your Mobile App Store:

Link for Android Mobile: <https://play.google.com/store/apps/details?id=com.broadsoft.ucaas.connect>

Link for IOS Mobile (iPhone): <https://itunes.apple.com/us/app/broadsoft-uc-one/id1310725159?mt=8>

Step 2:

Launch *UC-One Broadsoft*

You will need our Access Code + Username & Password to activate

Single Source will send these credentials separately

Please email solutions@singlesource.net to request login credentials

Step :

Download *Broadsoft Meet*

(required for enhanced conference)

Link for Android Mobile: <https://play.google.com/store/apps/details?id=com.broadsoft.meetings>

Link for IOS Mobile (iPhone): <https://itunes.apple.com/us/app/broadsoft-meet/id1250525103?mt=8>

Broadsoft Meet will auto-integrate with UC-One and be ready for use.

Please email solutions@singlesource.net to request new credentials.
